## **Ocean Power Technologies Provides Update to Previously Announced Preliminary Fiscal 2026 Financial Results**

**MONROE TOWNSHIP, N.J., August 19, 2026** – Ocean Power Technologies, Inc. (“OPT” or the “Company”) (NYSE American: OPTT), a leader in maritime operational infrastructure, autonomous ocean systems, and AI-enabled maritime intelligence solutions, today provided an update to the preliminary financial results previously announced on July 23, 2026.

Following completion of additional audit procedures and consultation with the National Office of the Company’s independent registered public accounting firm, the Company revised its accounting treatment with respect to certain revenue, costs and other accounting matters identified in connection with the completion of the audit. As a result, certain previously reported preliminary financial results have been updated.

The revisions for the fiscal year ended April 30, 2026 decrease revenue by approximately \$0.4 million from \$4.1 million to \$3.7 million, decreased gross loss by approximately \$2.2 million, from the previously reported gross loss of \$8.1 million to \$5.9 million, and decreased operating loss by approximately \$1.5 million for the same period. The revisions also increased net loss by approximately \$5.2 million, from approximately \$43.7 million to \$48.9 million. Net loss for the fiscal year ended April 30, 2025 also increased by approximately \$3.0 million due to the recognition of a loss on changes in fair value of a financial instrument.

Importantly:

- The revisions result from changes in accounting treatment and do not reflect changes in the Company’s underlying business activities.
- The revisions have no impact on the Company’s cash or cash flows.
- The revisions do not change the terms of the Company’s customer contracts or the Company’s contractual rights and obligations.
