Director Nomination Process

The process followed by our Nominating and Corporate Governance Committee to identify and evaluate director candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Nominating and Corporate Governance Committee and the Board.

In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended director nominees, our Nominating and Corporate Governance Committee applies the criteria set forth in our corporate governance guidelines. These criteria include the candidate's integrity, business acumen, knowledge of our business and industry or of other industries with comparable risks and issues, experience, diligence, potential conflicts of interest and the ability to act in the interests of all stockholders. The Nominating and Corporate Governance Committee considers the value of diversity when recommending candidates. The committee views diversity broadly to include diversity of experience, skills and viewpoint. The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. Our Board believes that the backgrounds and qualifications of its directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow it to fulfill its responsibilities.

Stockholders may recommend individuals to our Nominating and Corporate Governance Committee for consideration as potential director candidates. The Nominating and Corporate Governance Committee will evaluate stockholder-recommended candidates by following the same process and applying the same criteria as it follows for candidates submitted by others.

Stockholders may directly nominate a person for election to our Board by complying with the procedures set forth in Article I, Section 1.10 of our by-laws, and with the rules and regulations of the SEC. Under our by-laws, only persons nominated in accordance with the procedures set forth in the by-laws will be eligible to serve as directors. In order to nominate a candidate for service as a director, you must be a stockholder at the time you give the Board notice of your nomination, and you must be entitled to vote for the election of directors at the meeting at which your nominee will be considered. Executive Compensation

Overview of Executive Compensation

Our Compensation Committee is responsible for overseeing the compensation of all of our executive officers. In this capacity, the Compensation Committee designs, implements, reviews and approves all compensation for our named executive officers. The goal of the Compensation Committee is to ensure that our compensation programs are aligned with our business goals and objectives and that the total compensation paid to each of our named executive officers is fair, reasonable and competitive.

Compensation Objectives and Philosophy

Our compensation programs are designed to attract and retain qualified and talented executives, motivating them to achieve our business goals and rewarding them for superior short- and long-term performance. In particular, our compensation programs are intended to reward the achievement of specified predetermined quantitative and qualitative goals and to align our executives' interests with those of our stockholders in order to attain the ultimate objective of increasing stockholder value.

Elements of Total Compensation and Relationship to Performance

Key elements of these programs include:

- base salary compensation designed to reward annual achievements, with consideration given to the executive's qualifications, scope of responsibility, leadership abilities and management experience and effectiveness;
- cash bonus awards designed to align executive compensation with business objectives and performance; and
- equity-based incentive compensation, primarily in the form of stock options and restricted stock, the value of which is dependent upon the performance of our Common Stock, and which is subject to multi-year vesting that requires continued service and/or the attainment of certain performance goals.

Determining and Setting Executive Compensation

Working with the Compensation Committee, our management develops our compensation plans by utilizing publicly available compensation and on-line survey data for a broad selection of national and regional companies, which we believe are generally comparable to the Company in terms of public ownership, organization structure, size and stage of development, and against which we believe we may compete for executive talent. The results of these analyses are reviewed with and approved by the Compensation Committee annually. We believe that these compensation practices provide us with appropriate compensation guidelines. The Compensation Committee generally targets compensation for our executives near the median range of compensation paid to similarly situated executives in comparable companies covered by the on-line survey data. Other considerations, including market factors, the unique nature of our business and the experience level of an executive, may dictate variations to this general target.

Our business is characterized by a long product development cycle, including a lengthy engineering and product-testing period. Because of this, many of the traditional benchmarking metrics, such as product sales, revenues and profits are inappropriate for our company at this time. Instead, the specific factors the Compensation Committee considers when determining our named executive officers' compensation include:

- key product development initiatives;
- technology advancements;
- achievement of regulatory and other commercial milestones;
- establishment and maintenance of key strategic relationships;
- implementation of appropriate financing strategies; and
- financial and operating performance.

Stock Option and Other Compensation Plans

2001 Stock Plan

Our 2001 Stock Plan was adopted by our Board of Directors and approved by our stockholders on August 24, 2001. The 2001 Stock Plan provided for the grant of incentive stock options, non-statutory options, restricted stock awards and stock awards. A maximum of 1,500,000 shares of Common Stock are authorized for issuance under our 2001 Stock Plan. Our employees, officers, directors, consultants and advisors were eligible to receive awards under our 2001 Stock Plan; however, incentive stock options could only be granted to our employees.

Our Board of Directors administered our 2001 Stock Plan. Pursuant to the terms of our 2001 Stock Plan, and to the extent permitted by law, our Board could delegate administrative authority to a committee composed of two or more of our non-executive directors. Our Board of Directors, or a committee to whom the Board of Directors delegates authority, selected the recipients of awards and determined:

- the number of shares of Common Stock covered by options and the dates upon which the options become exercisable;
- the exercise price of options;
- the duration of the options; and
- the terms and conditions of awards, including transfer restrictions, conditions for repurchase and rights of first refusal.

The 2001 Stock Plan provided that outstanding options shall become fully exercisable if we underwent a fundamental transaction, as defined in the 2001 Stock Plan, and the successor entity did not assume the options under the 2001 Stock Plan or substitute equivalent options.

As of April 30, 2016, options to purchase 570 shares of our Common Stock at a weighted average exercise price of \$138.00 were outstanding under our 2001 Stock Plan. No further stock options or other awards have been granted under the 2001 Stock Plan since the effective date of our 2006 Stock Incentive Plan described below.

2006 Stock Incentive Plan

Our 2006 Stock Incentive Plan was adopted by our Board of Directors on December 7, 2006, was approved by our stockholders on January 12, 2007 and became effective on April 24, 2007. The 2006 Stock Incentive Plan provided for the grant of incentive stock options, non-statutory stock options, restricted stock awards and other stock-unit awards. On October 2, 2009, an amendment to the 2006 Stock Incentive Plan was approved, increasing the aggregate number of shares authorized for issuance by 85,000 shares to 165,321 shares. In 2010, our Board of Directors approved amending and restating the 2006 Stock Incentive Plan to make certain adjustments, including imposing minimum performance periods for performance awards and minimum vesting periods for time-based awards, a requirement that we obtain stockholder approval prior to certain option and stock appreciation right repricing actions, and limiting the situations in which vesting periods may be waived or accelerated. This amendment and restatement did not require the approval of our stockholders. On October 2, 2013, a further amendment to the 2006 Stock Incentive Plan was approved by the Company's Stockholders, increasing the aggregate number of shares authorized for issuance by an additional 80,000 shares to 245,321.

Our employees, officers, directors, consultants and advisors were eligible to receive awards under our 2006 Stock Incentive Plan; however, incentive stock options could only be granted to our employees. The maximum number of shares of Common Stock with respect to which awards could be granted to any participant under our 2006 Stock Incentive Plan was 200,000 per calendar year.

Our 2006 Stock Incentive Plan was administered by our Board of Directors. Pursuant to the terms of our 2006 Stock Incentive Plan, and to the extent permitted by law, our Board of Directors could delegate authority to one or more committees or subcommittees of the Board of Directors or to our officers. Our Board of Directors or any committee to whom the Board of Directors delegates authority selected the recipients of awards and determined:

- the number of shares of Common Stock covered by options and the dates upon which the options become exercisable;
- the exercise price of options; provided, however, that the exercise price shall not be less than 100% of the fair market value of the underlying Common Stock on the date the option is granted;
- the duration of the options; and
- the number of shares of Common Stock subject to any restricted stock or other stock-unit awards and the terms and conditions of such awards, including conditions for repurchase, issue price and repurchase price.

If our Board of Directors delegated authority to an officer, the officer had the power to make awards to all of our employees, except to executive officers. Our Board of Directors fixed the terms of the awards to be granted by such officer, including the exercise price of such awards, and the maximum number of shares subject to awards that such officer could make.

If a merger or other reorganization event occurred, our Board of Directors could provide that all of our outstanding options are to be assumed or substituted by the successor corporation. Our Board of Directors could also provide that, in the event the succeeding corporation did not agree to assume, or substitute for, outstanding options, then all unexercised options would become exercisable in full prior to the completion of the event and that these options would terminate immediately prior to the completion of the merger or other reorganization event if not previously exercised. Our Board of Directors could also provide for cash out of the value of any outstanding options.

No awards could be granted under our 2006 Stock Incentive Plan after December 6, 2016, but the vesting and effectiveness of awards granted before that date could extend beyond that date. Our Board of Directors could amend, suspend or terminate our 2006 Stock Incentive Plan at any time, except that stockholder approval would be required for any revision that would materially increase the number of shares reserved for issuance, expand the types of awards available under the plan, materially modify plan eligibility requirements, extend the term of the plan or materially modify the method of determining the exercise price of options granted under the plan, or otherwise as required to comply with applicable law or stock market requirements.

As of April 30, 2016, options to purchase 88,733 shares of our Common Stock at a weighted average exercise price of \$42.29 were outstanding under our 2006 Stock Incentive Plan.

As of April 30, 2016, we had granted 120,019 shares of restricted Common Stock under our 2006 Stock Incentive Plan, of which 41,672 remain outstanding.

Once the 2015 Omnibus Incentive Plan (discussed below) was approved by the stockholder on October 22, 2015, no further stock options or other awards were awarded under the 2006 Stock Incentive Plan.

2015 Omnibus Incentive Plan

On August 17, 2015, the Board of Directors approved, subject to the receipt of stockholder approval, the Ocean Power Technologies, Inc. 2015 Omnibus Incentive Plan (the "2015 Plan"). On October 22, 2015, the stockholders approved the 2015 Plan and the 2006 Stock Incentive Plan was terminated.

The 2015 Plan provides for the issuance of up to 200,000 shares of our Common Stock (this number of shares reflects the reverse stock split of 1-for-10 that became effective after October 28, 2015), plus (i) the number of shares of Common Stock available for issuance under our 2006 Stock Incentive Plan, as amended, as of the date on which the 2015 Plan was approved by our stockholders (ii) plus the number of shares of our Common Stock related to awards under the 2006 Plan which terminate by expiration, forfeiture, cancellation, or otherwise without the issuance of such shares. At inception, the total number of shares of our Common Stock for issuance under our 2016 Plan was 240,703, of which 76,318 shares were available for issuance as of June 30, 2016. The purpose of the 2015 Omnibus Incentive Plan is to provide our eligible employees, officers, directors, consultants, advisers and other eligible persons with an incentive to contribute to the success of the Company and to operate and manage the Company's business in a manner that will provide for the long-term growth and profitability of the Company to benefit our stockholders and other important stakeholders, including our employees and customers, and to provide a means of attracting, rewarding and retaining key personnel.

The 2015 Plan is administered by the Compensation Committee of the Board of Directors, The Compensation Committee has full power and authority to take all actions and to make all determinations required or provided for under the 2015 Plan, any award under the 2015 Plan or any award agreement under the 2015 Plan, not inconsistent with the specific terms and conditions of the 2015 Plan, which the Compensation Committee deems to be necessary or appropriate to the administration of the 2015 Plan. The Compensation Committee may amend, modify or supplement the terms of any outstanding award, provided that no amendment, modification or supplement of the terms of any outstanding award shall impair a grantee's rights under an award without the consent of the grantee. The Compensation Committee is also authorized to construe the award agreements, and may prescribe rules relating to the 2015 Plan. Notwithstanding the foregoing, our full Board of Directors will conduct the general administration of the 2015 Plan with respect to all awards granted to our non-employee directors. In addition, in its sole discretion, our Board of Directors may at any time and from time to time exercise any and all rights and duties of the Compensation Committee except with respect to matters which are required to be determined in the sole discretion of the Compensation Committee under Rule 16b-3 of the Exchange Act or Section 162(m) of the Code, or any regulations or rules issued thereunder.

The 2015 Plan provides for the grant of stock options, stock appreciation rights (SARs), restricted stock awards, stock unit awards and unrestricted stock awards, dividend equivalent rights, performance share awards or other performance-based awards, other equity-based awards or cash to eligible employees, officers and non-employee directors of the Company or any affiliate of the Company, or any consultant or adviser to the Company or an affiliate who is currently providing services to the Company or an affiliate, or to any other individual whose participation in the 2015 Plan is determined to be in the best interests of the Company by the Compensation Committee. We have reserved a total of 200,000 shares of Common Stock for issuance as or under awards to be made under the 2015 Plan, plus (i) the number of shares of Common Stock available for issuance under our 2006 Plan as of the Effective Date of the 2015 Plan, plus (ii) the number of shares of our Common Stock related to awards under the 2006 Plan as of the Effective Date which thereafter terminate by expiration, forfeiture, cancellation, or otherwise without the issuance of such shares. If any award expires, is cancelled, or terminates unexercised or is forfeited, the number of shares subject thereto is again available for grant under the 2015 Plan. The maximum number of shares of stock subject to Awards that can be granted under the 2015 Plan in any one calendar year to any person, other than a non-employee director, is seventy-five thousand (75,000). The maximum fair market value of shares of stock that may be granted under the 2015 Plan in any one calendar year to any non-employee director is twenty thousand dollars (\$20,000). The limitations on the amount of shares of stock issuable under the 2015 Plan is subject to adjustment in the event of certain changes in our capital stock, such as recapitalizations, reclassifications, stock splits, reverse stock splits, spin-offs, combinations of our stock, exchanges of our stock and other increases or decreases in our stock without receipt of consideration.

As of April 30, 2016, no options to purchase shares of our Common Stock were outstanding under 2015 Omnibus Incentive Plan.

As of April 30, 2016, we had granted 2,750 shares of Restricted Common Stock under our 2015 Omnibus Incentive Plan, of which 2,350 remain outstanding.

The 2015 Plan will terminate automatically on October 22, 2025, which is ten years after the date on which stockholders approve the 2015 Plan.

Except in connection with a corporate transaction in which the Company is involved, without obtaining stockholder approval we may not amend the terms of any outstanding options or SARs under the 2015 Plan to reduce the exercise price of such outstanding options or SARs, cancel outstanding options or SARs in exchange for or in substitution of options or SARs with an exercise price that is less than the exercise price of the original options or SARs, or cancel outstanding options or SARs with an exercise price above the current stock price in exchange for cash or other securities.

In the event of a change in control in which the acquirer does not assume awards granted under the 2015 Plan, all outstanding restricted stock, stock units and all dividend equivalent rights awarded under the 2015 Plan will be deemed to have vested and the shares of Common Stock subject thereto will be delivered, immediately prior to the occurrence of such change-in-control, in each case with the exception of performance-based awards which will be treated as described below. In the case of a change in control, the 2015 Plan provides that performance-based awards will be treated as follows. For performance-based awards denominated in shares of Common Stock, the 2015 Plan provides that if less than half of the performance period has lapsed, such awards will be treated as if the target performance has been achieved. If at least half of the performance period has lapsed, then the actual performance to date will be determined as of a date reasonably close to the date of consummation of the change in control (as determined by the committee administering the 2015 Plan) and that level of performance will be treated as achieved immediately prior to the occurrence of the change in control. If actual performance is not determinable, then the performance-based awards will be treated as if target achievement has been achieved.

The Compensation Committee may amend, suspend or terminate the Plan as to any shares of Common Stock as to which awards have not been made. The effectiveness of any amendment to the 2015 Plan will be contingent on approval of such amendment by our stockholders to the extent provided by our Board and required by applicable law (including the rules of any stock exchange on which the Common Stock is then listed), provided that no amendment may be made to the repricing provisions or the option pricing provisions of the 2015 Plan without stockholder approval. No amendment, suspension or termination of the Plan may impair the rights or obligations of any award made under the 2015 Plan without the grantee's consent.

Potential Payments upon Termination of Employment or Change in Control

The following information sets forth the terms of potential payments to each of our named executive officers in the event of a termination of employment.

Termination by Company without Cause; Termination by Executive for Good Reason. Our employment agreement with Mr. Kirby provides for severance pay equal to one-half (1/2) of a year of base salary in a lump sum within 30 days in the event that employment is terminated by the Company, other than for cause, upon Mr. Kirby's disability or by the executive with good reason, each occurring during the first year of employment (i.e., prior to January 20, 2016). After the first year of employment, the amount of severance pay increases to one (1) year of base salary. In both instances, Mr. Kirby would also be entitled to receive any other payments owed such as a short-term bonus, long-term compensation, benefits and expenses reimbursements to the degree such payments are owed for service provided up to the date of termination. Finally, the expiration date of any other options held by Mr. Kirby would be extended to a date 90 days after the date of termination.

Our employment contract with Mr. Featherstone provides for severance pay equal to one year of base salary payable as salary continuation in accordance with regular payroll practices and the continuation of health care benefits for 12 months in the event that employment is terminated by the Company other than for cause or by the executive with good reason.

Termination by Company for Cause; Termination by Executive without Good Reason. Under our employment contracts with Mr. Kirby and Mr. Featherstone upon termination for cause or at the executive's election without good reason, the executive is entitled to the base salary and benefits due and owing to the executive as of the date of termination.

Change in Control. Our employment agreement with Mr. Kirby provides for severance pay equal to one (1) year of base salary if a change of control occurs and Mr. Kirby is terminated by the Company or Mr. Kirby terminates the agreement, each occurring within 90 days of the change of control. Mr. Kirby would also be entitled to receive any other payments owed such as a short-term bonus, long-term compensation, benefits and expenses reimbursements to the degree such payments are owed for service provided up to the date of termination. Finally, the expiration date of any other options held by Mr. Kirby would be extended to a date 90 days after the date of termination. In addition, to the extent that Mr. Kirby has not previously vested in rights and interests held by Mr. Kirby under the Company's stock and other equity plans (including stock options, restricted stock, RSU's, performance units or performance shares) such rights and interest will become 100% vested.

The employment agreement for Mr. Featherstone does not contain change of control provisions; therefore, payments for cash severance and continued healthcare benefits are the same as for termination without cause. The restricted stock agreement provides for accelerated stock vesting upon a change in control.

Termination upon Failure to Renew by the Company. In the event that our employment agreement with Mr. Kirby terminates the end of the term and is not renewed as a result of a decision by the Company not to renew, prior to a decision by Executive not to renew, the Company will pay Mr. Kirby a severance payment in the amount of one (1) year base salary in a lump sum within 30 days after the termination date.

The employment agreement for Mr. Featherstone does not contain similar provisions.

Qualifying retirement. Under our restricted stock agreements with the named executive officers, upon a Qualifying Retirement 50% of unvested restricted shares will vest immediately. A "Qualifying Retirement" means retirement by the recipient after satisfaction of the conditions in either clause (A) or clause (B): (A) the recipient has both (1) attained the age of 55 and (2) completed at least ten years of employment with the Company; or (B) the sum of the recipient's age plus the number of years he or she has been employed by the Company equals or exceeds 75 years.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following table sets forth certain information regarding the beneficial ownership of Common Stock as of June 30, 2016 by (a) each person known by us to be the beneficial owner of more than 5% of the outstanding shares of Common Stock, (b) each named executive officer identified in the Summary Compensation Table above, (c) each director and nominee for director, and (d) all executive officers and directors as a group.

The Percentage of Common Stock outstanding is based on 2,511,850 shares of our Common Stock outstanding as of June 30, 2016. For purposes of the table below, and in accordance with the rules of the SEC, we deem shares of Common Stock subject to options that are currently exercisable or exercisable within sixty days of June 30, 2016 and restricted stock that is currently vested or that will vest within sixty days of June 30, 2016, to be outstanding and to be beneficially owned by the person holding the options or restricted stock for the purpose of computing the percentage ownership of that person, but we do not treat them as outstanding for the purpose of computing the percentage ownership of any other person. Except as otherwise noted, each of the persons or entities in this table has sole voting and investing power with respect to all of the shares of Common Stock beneficially owned by them, subject to community property laws, where applicable. The street address of each beneficial owner is c/o Ocean Power Technologies, Inc., 1590 Reed Road, Pennington, NJ 08534.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

Board Determination of Independence

Under applicable NASDAQ rules, a director will only qualify as an “independent director” if they are not an executive officer or employee of the Company, and, in the opinion of our Board of Directors, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Our Board has determined that none of Mr. Cryan, Mr. Glover, Mr. Burger, Mr. Fludder or Mr. Winters has a relationship that would interfere, or has interfered, with the exercise of independent judgment in carrying out the responsibilities of a director, and that each of these directors is an “independent director” as defined under Rule 5605(a) (2) of the NASDAQ Marketplace Rules.

Certain Relationships and Related Person Transactions

Review and Approval of Related Person Transactions

The Audit Committee is charged with the responsibility of reviewing and approving all related person transactions (as defined in SEC regulations), and periodically reassessing any related person transaction entered into by the Company to ensure continued appropriateness. This responsibility is set forth in our Audit Committee charter. A related party transaction will only be approved if the members of the Audit Committee determine that the transaction is in the best interests of the Company. If a director is involved in the transaction, he or she will recuse himself or herself from all decisions regarding the transaction.

Pre-Approval Policies and Procedures

The Audit Committee's policy is that all audit services and all non-audit services to be provided to us by our independent registered public accounting firm must be approved in advance by our Audit Committee. The Audit Committee's approval procedures include the review and approval of a description of the services that documents the fees for all audit services and non-audit services, primarily tax advice and tax return preparation and review.

All audit services and all non-audit services in fiscal years 2016 and 2015 were pre-approved by the Audit Committee. The Audit Committee has determined that the provision of the non-audit services for which these fees were rendered is compatible with maintaining the independent auditor's independence.
